~~25~~ Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART IV.

Official Papers.

READ THE FOLLOWING PAPER :—

From the Director of Statistics and Agriculture in Mysore, To the Chief Secretary to the Government of Mysore, No. 747, dated 8th February 1892.

I have the honor to suggest, in view to popularizing the use of prickly pear as fodder for cattle, that Deputy Commissioners of affected Districts and in which there is a large growth of the plant may be instructed to employ coolies paid from relief funds, within certain limits, to prepare the prickly pear leaves for fodder, in accordance with directions already issued and to distribute the same gratuitously to such owners of cattle as may be willing to avail themselves of it. It will be best to have this done under the personal superintendence of the Taluk Officers, the object being to overcome the prejudice which raiyats generally entertain against the use of prickly pear in whatever form as cattle food, to demonstrate the mode of preparing the leaves for fodder, and generally to impress upon them the advantage that will be gained in times of scarcity by supplementing available stocks of straw with fodder thus prepared.

No. D. 145, DATED BANGALORE, 13TH FEBRUARY 1892.

ORDER THEREON.—This operation, as a relief measure, is not yet necessary, but the Deputy Commissioners will note the suggestion as indicative of a useful future Relief work.

READ:—

Letter No. 17, dated 9th February 1892, from the Deputy Commissioner, Bangalore District, soliciting sanction for Rs. 18,000 for the relief of Weavers in the Anekal Taluk on the principles laid down in Government Proceedings No. D. 81, dated 14th January 1892, and for the entertainment of a temporary establishment similar to that granted for Dodballapur, for a period of 2 months

No. D. 147, DATED BANGALORE, 13TH FEBRUARY 1892.

ORDER THEREON.—A permanent advance of Rs. 18,000 is sanctioned for the purchase of cloths from Weavers in the Anekal Taluk.

2. A temporary establishment for 2 months as per details in the margin and Rs. 200 for purchasing wooden racks for preserving cloths and for payment of commission to Dalals, are also sanctioned.

No. D. 148, DATED BANGALORE, 13TH FEBRUARY 1892.

ORDER.—Some inconvenience has been felt by the Dewan by Deputy Commissioners of Districts not following a uniform system in preparing the Condition Reports prescribed by Order No. D. 47, dated 24th December 1891. Some Deputy Commissioners send merely the Diaries of their daily doings, while some write long reports in Demi-Official form. It is difficult to deal officially with reports so submitted. All Deputy Commissioners are therefore requested to strictly follow the instructions given in Proceedings No. D. 47 referred to above.

2. The Condition Reports should, in future, be submitted once a fortnight, and be prepared with great accuracy under the personal direction of the Deputy Commissioner. Officers in charge of Sub-Divisions should submit similar reports (written on half margin) to their respective Deputy Commissioners, who will record any remarks of their own on such reports and submit them to this Office. The Deputy Commissioner's report should be inclusive of the Sub-Division, notwithstanding the separate report of the Sub-Division Officer.

3. The Condition Reports should be brief and concise and contain accurate and definite information. Too much care cannot be bestowed in avoiding prolixity. They should be on foolscap paper and written on half margin.

4. The Diaries of the Deputy Commissioners and of their Assistants were never called for, and are not required by this Office.

5. The Dewan will be very happy to receive Demi-Official letters from officers when there is any special reason for adopting this method of communication. But such Demi-Officials should be confined to matters which cannot well be included in Official correspondence.

No. D. 152, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER.—Deputy Commissioners of Districts are requested to report at once on the accompanying Form No. 1 (printed copies of which will be supplied them at once from the Government Press), what Relief Works have been actually started by them up to the 1st February 1892, and to submit fortnightly returns in the same form regarding the progress of Relief Works, new works started in any fortnight being also included therein.

2. Deputy Commissioners should likewise submit returns in the Form No. II appended, of the number and cost of drinking water wells sanctioned and excavated during Relief work.

ORDER.—A permanent advance of Rs. 18,000 for the relief of weavers in the Anical Taluk is sanctioned for the purchase of cloth from weavers in the Anical Taluk.

No. D. 147, DATED BANGALORE, 13TH FEBRUARY 1892.

ORDER.—A temporary establishment for 2 months as per details in the margin and Rs. 200 for purchasing wood for the purchase of cloth from weavers in the Anical Taluk.

2. A temporary establishment for 2 months as per details in the margin and Rs. 200 for purchasing wood for the purchase of cloth from weavers in the Anical Taluk.

		Names of Villages to which the coolies belong, and the dis- tance of each from the work.																																				
		Whether the work is done on the Amari or the contract sys- tem.																																				
		Name and designation of the person or persons in charge of the work, and of the person or persons appointed to supervise.																																				
		Remarks (as to the sufficiency of the wages paid, and the effec- tiveness of management and super- vision).																																				

NOTE.—In column 2 the works will be classed and arranged under the following heads:—

- (1) Irrigation, i.e., earth work to tanks, &
(2) Communications, where such have been sanctioned.
(3) Miscellaneous works, e.g., 1. Improvements of village sites such as removing noisome vegetation, filling in unwholesome pits, removing ruined walls, levelling the ground and filling in ruts, &c. 2. Ammi cultivation of quik-growing crops by employing coolies in need of relief. 3. Collection of Tangadi bark. 4. Removing prickly pear and clearing jungle on the slopes of tank bunds, &c., &c.

No. II.

Statement of Drinking Water wells for the fortnight ending

THE MYSORE GAZETTE, FEBRUARY 25, 1892.

READ:—

Letter Camp No. 27, dated 29th January 1892, from the Deputy Commissioner, Chitaldroog, reporting the steps taken for the relief of the indigent Weavers of Molakalmuru and applying for a grant of funds therefor.

No. D. 153, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER THEREON.—The sums noted below, applied for by the Deputy Commissioner, are sanctioned:—

Rs. 10,000 for the purchase of cloths.
Rs. 50 for wooden stands.

Total Rs. 10,050

This amount will be in addition to the sum of Rs. 500 allotted by the Deputy Commissioner to the Molakalmuru Taluk, out of the grant of Rs. 1,500 sanctioned in Government Order No. D. 31, dated 15th December 1891.

2. The Deputy Commissioner's proposal to entertain temporarily the establishment noted on the margin is also sanctioned.

1 Mutsaddi on Rs. 10
1 Peon on " 5
Contingencies " 3

Total Rs. 18 per month.

READ THE FOLLOWING PAPERS:—

From the Deputy Commissioner, Tumkur District, To the Chief Secretary to the Government of Mysore, No. 705, dated Camp Haliyurdurga, 27th January 1892.

With reference to Government Order No. D. 96 of the 21st instant, enquiring if there is sufficient Tangadi shrub in the District for the purpose of employing the Holayas and Madigas in collecting the bark and paying them for their labor as a sort of relief work, I beg to state that generally there is not much tangadi in all the Taluks of this District. It is however to be found more plentifully in the Northern Taluks. For the present, a sum of Rs. 1,000 may be sanctioned for the whole District. Rates, according to local circumstances, will be fixed per maund of the bark, and payments made accordingly as the article is brought and delivered to the Patels. The Patels will send to the Taluk Cutcherry every month the bark bought by them. There it may be sold by public auction, so that the dealers in the bark may buy it. This will prevent the dealers (who now obtain licenses for the collection of the bark and get the collection done by these very Madigas and Holayas) from beating down their wages to the minimum figure. Government will not, I think, lose by this. The rate that we may fix may be about $\frac{1}{2}$ anna more per maund than what the licensees now pay these men.

No. D. 154, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER THEREON.—The sum of Rs. 1,000 asked for is sanctioned.

2. The procedure recommended by the Deputy Commissioner is approved as a tentative measure.

READ:—

Letter No. 1041, dated 9th February 1892, from the President, City Municipal Commission, Bangalore, applying for a special additional grant of Rs. 1,000, as a temporary measure, for the Langarkhana at Bangalore.

No. D. 155, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER THEREON.—The grant of Rs. 1,000 asked for is sanctioned from General Revenues. Admissions to the Langarkhana should be strictly restricted to destitute people incapable of earning a livelihood by their labor.

READ:—

Letter No. 2863—327, dated 25th January 1892, from the Inspector General of Police, requesting that a sum of Rs. 2,640 be placed at the disposal of the Deputy Commissioner of Chitaldroog, for constructing drinking water wells at certain Police Stations and Out-posts in that District.

Letter No. 2958—335, dated 4th February 1892, from the Inspector General of Police, requesting that a sum of Rs. 4,946 be placed at the disposal of the Deputy Commissioner of Bangalore, and another sum of Rs. 900 at the disposal of the Deputy Commissioner of Shimoga, for sinking drinking water wells at certain Police Stations in those Districts.

No. D. 164, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER THEREON.—It is observed that the estimates for some of the wells named in the lists submitted with the above, are high. It is not known whether any of these wells have to be sunk through rock or whether stone facing is provided for them. Stone facing is an expensive item which should not be resorted to except in cases of undoubted permanent *public* utility, both from the situation of the well as regards roads and villages and from the ample character of the springs obtained. Where there is doubt upon these points and the sides of the well require to be supported, pot rings at a small cost will serve all purposes.

2. With the foregoing remarks, the amounts specified in the letters above read, as noted on the margin, are placed at the disposal of the Deputy Commissioners concerned.
